## Life On The Great Circle by Backstrom

Churchill and FDR should have put into the Atlantic Charter "Freedom of Growth" — keeping aggressors from cutting across a certain corner of the MSTC campus.

For people who don't realize where the MiSTiC gets its name we have adopted a new slogan — *The MiSTiC puts "eyes" in MSTC.*

The other day Dr. Christensen's congregation stood and read responsively the creed from the third chapter of *Helping Teachers to Understand Children*. We came in a little late and missed the first hymn.

*Student Activity of the Week*— Searching through magazines piled on Moorhead residents' front lawns during the paper drive looking for comic books.

We couldn't decide which faculty member to nominate as MSTC's ego beaver.

We hate sensationalism in a paper, but we can't resist pulling a Heft: We urge you to watch this spot next issue! Positively one of the most radical departures from the journalistic policy of this sheet will be printed here at that time! Be prepared.

*Black Sheep*: The president of the North Carolina Young Democrats and treasurer of the Young Democratic clubs of America is Hoover Taft.

## Smoking Project Work To Begin This Week

"Work on the MSTC smoking project will begin within the next few days," said C. H. Thurber, business manager.

Duct work and the installation of exhaust fans for the project will be done by a local contractor and is to be financed by the college.

Bids for the purchase of four window ventilators for the Student Center will be let, and will be financed by contributions received from the recent smoking drive.

## Paul Christiansen Hears MS Choir Rehearsal

Paul Christiansen, director of the Concordia college choir, was a guest at a MSTC choir rehearsal Wednesday, May 12.

"Paul Christiansen is not only one of the great choral directors at present," said Ralph E. Williams, MS choir director, "but is writing choral music which might well set the pace in choral writing."

## Commission Approves Student Activity Budget for Next Year

The student activity budget for 1948-49, amounting to \$23,580, has been completed and accepted by the Council on Student Affairs, and the Student Commission, president Stan Murray has announced. The budget has also been presented to the State Teachers college board.

The acceptance by the Commission, and the Council marks the end of several weeks' work by the Commission. The requests turned in by

the various departments were practically all higher than expenditures of the previous year. Furthermore, receipts for 1947-48 were overestimated. The requests for next year totaled approximately \$28,000. Estimated receipts based on a conservative enrollment estimate, amounted to \$23,580. This sum, minus the 5 per cent which by law must be kept in a sinking fund, left the Commission \$22,401 to budget to various activities.

The revision committee called in the advisers of the various activities to discuss the matter and help them to find balance. The final approval of the revised budget was achieved at a meeting of the Student Commission and the Council on Student Affairs, May 4.

"Although budget requests were reduced by \$6000," Murray says "activities will not be curtailed at all, except in two instances—the lyceum and activities of the Student Commission itself."

"Last year, expenditures went for uniforms and equipment which do not need be repeated immediately, so money for extra-curricular activity has actually been increased in most departments," Murray added.

"Should enrollment exceed the estimated 600 next year, it is the intention of the Commission to revise the budget quarterly to supplement each activity with the additional revenue received," Murray assured.

## Jones Announces Distribution of '48 Dragon Tomorrow

Distribution of the DRAGON yearbook is scheduled for Wednesday, May 19, announced Dorothy Jones,

editor. The books may be secured in the Publications office after 1 p.m. Wednesday. "If they arrive on schedule," Dorothy added.

Students who have attended MS the past three quarters will receive one yearbook without cost, with this one exception. A charge of 35 cents is made to those who have pictures in the album section which were not taken this year. This is to cover the expense involved in securing a glossy print.

For each quarter that a student was not attending college there will be a \$1.50 charge. Faculty, alumni and others who are interested may buy the DRAGON at the production cost of four dollars.

### Editor's Mail

#### Writer Wonders at Student Apathy

Frequently this past year I have wondered, like many others attending MSTC, what is necessary to please the student body. The college spirit reminds me of an old hotel in Savannah, Georgia, where the people sat complacently on the veranda the entire day discussing errors of others and themselves doing absolutely nothing.

Too few people participate and support the extracurricular activities of the school. Whether it is a lack of interest, a fear of new situations, or that the programs are not suitable according to the student body's taste—I do not know. Possibly it is all of these.

I recognize that many students cannot participate because they are working, or lack the funds, or have some other valid reason. However, I do not believe the situation to be so

serious that it would not be possible for a larger percentage of students to be of assistance on play production, radio programs, attend the season's football, basketball, and baseball games, the band concerts, and the Amphion artist series. If we did not have these activities and the NDAC did have them, we would really have a fit.

It would seem to me, too, that it would behoove future teachers to become acquainted with various activities in order that they might be better prepared to someday help organize and to urge student interest and participation in school activities which are essential to a well-rounded educational program.

Several articles have been printed in the MiSTiC concerning the poor student attendance at the Amphion artist series programs, the apparent lack of interest in the radio programs, and the poor game attendance. These stories which we more or less shrug off, indicate vividly enough what is occurring at MSTC. The thing which I deem to be real-

ly serious are the comments of those not associated with the college about the apparent lack of college spirit, participation, and support which I heard from several people last Tuesday after the band concert.

The band is deserving of a great deal of praise for presenting such a fine concert. They worked hard and long during the limited time available to them to present an acceptable concert. Proof that it was acceptable was indicated by the many favorable comments, and the high praise given by Mr. Schoff of the organization's musicianship, Mr. McGarrity's direction, and the excellence of Bunky Cooper's clarinet solo and Johnny Johnson's trumpet solo, and the encore number by the Three Jacks. We can be proud that we have such a fine organization on the MSTC campus to be appreciated by us.

I believe that we as students should give ourselves a jolt and begin realizing that we are in need of a change of school spirit and remove this complacent attitude.

# Dragon Baseballers Reach Finals

## Felde Plates Three Runners In 6-5 Thriller Over Bemidji; West Homers

A two-run seventh inning earned the Dragons the north half championship of the conference Friday as they edged out the Bemidji Beavers 6-5. After a three run fifth by the visitors things looked dark for the pupils of Wohlwend and LeGrand. They entered the home half of the sixth on the short end of a 5-1 count and the Beaver hurler, George Thorbrogger, was looking invincible.

John Conzemius and Max West were riding the bags when the MS version of Joe DiMaggio—Norm Felde—strolled to the plate. He laced out a long drive to deep center good for a triple and two runs. Pinch hitter Alvin Swanson drove Norm in with a single.

Felde again provided the scoring punch in the seventh, singling with the sacks loaded for the winning tally.

Max West homered in the second with none on while Rus Smith, Lyle Westrum and Keith Mooney hit homers for the Beavers.

Harry Wilson survived the extra base barrage of the Bemidji outfit to receive credit for the win.

Wohlwend started his second stringers in the second game, the freshman flash, Jack Gotta taking the hill.

Jocko got the first hitter to pop out to Gary Woodward at short but from then on he had tough sledding. The Beavers combed his offerings for four hits including a 440 foot homer and a triple and took advantage of three errors to jump to a five run lead. Don Magloughlin cleared the right field fence for two runs and Jerry Kranz stole a pair of bases and came in on error to give the Dragons three runs in their half of the inning.

Buster Woodward pitched the second inning and Rus Moe bunted the last three before the game was called, Bemidji winning 11-6.

## Sports at Standstill as MS Athletes Don Khaki

Once again the men of MSTC had the fact brought home to them that violence and threat of violence are ever pressing. Friday night's mustering in of the Moorhead National Guard reduced Coach Roy Domek's track squad to three men causing the cancellation of a track meet at Bemidji Saturday. Tennis and golf meets with the Beaver school also had to be called off and things look dark for Coach Neil Wohlwend's baseball team.

Jocko Gotta was called to the colors while competing in the Dragon-Beaver baseball contest.

### AROUND 'N' ABOUT —

A quick tour of the campus reveals much in the line of sporting activity. The Foxhole gamblers are betting 6-1 that the new dorm *WON'T BE STARTED UNTIL AUGUST*, and final occupation taking place in two years. I'm kinda glad I'm a freshman. Maybe I'll get to stay in it my senior year! . . . Also around the Foxhole I learned that the AE victory in softball over the Owl fraternity was a fluke. It seems the umpires were leaning over backwards in an attempt to be fair but actually the victors were given a bunch of breaks. Father Owl Robinson says he'll have his first team ready to go against the dreaded foe in their next meet-

ing. . . Saw a couple baseball players Saturday afternoon — Gordy Rasmusson, Tom Grandy, Harold Unrah and Marlin Dennison. In the summer their play for the Leader Lenders, the Cass Lake Pirates, the Casselton Prairie Rats and the Beltrami Belters, respectively. Watch 'em. . . "Oats" LeGrand has landed a job with Lowe & Campbell Sporting Goods company. The job ought to be right up his alley. "Oats" and Stan Kostka, AC coach, put on quite a show for the fans in the last AC game. . .
